### Participation ou fonctions précédentes au sein de l'APUO / Previous roles or involvement with the APUO:

I have been the equity officer for the past academic year (2019-2020).

### Compétences pour le poste et objectifs pour l'année (max 500 mots) / Qualifications for the position and goals for the year (max 500 words):

As a faculty member who is a woman of colour, I share many of the same concerns as two key equity seeking groups on campus: women and racialized minorities. I also have many years of training in both feminist and anti-racist scholarship. Finally, I am part of a unit that advocates strongly for intersectional thinking that takes into account not only gender and racialization, but also sexuality, disability and class, among others. My goal for this past year was to build on and strengthen the network of BIPOC faculty on campus, which I have successfully managed to do. My goal for the coming years are to continue strengthening these networks, to bring in new members and to try to make build some connections with the other caucuses on campus.
