

May 14, 2021

Dear colleagues,

We write to acknowledge your letters dated April 7 and May 7 respectively. We recognize that this has been a time of great uncertainty and that everyone has many questions.

After receiving the April 7 letter, our teams met with each one of the bodies represented by the signatories of the letter to communicate the latest information about the planning for the reintegration to the campus and the fall semester, to listen to the primary concerns of each group, and to respond to questions. We will continue to keep lines of communication open and to meet with respective associations over the next weeks and months.

As you know, the university will be opening a vaccination clinic, we will be holding an information session on vaccination featuring uOttawa COVID-19 experts, and the university will be permitting staff to take time off to get vaccinated. The health and safety of our employees is our highest priority.

We respectfully request that future communications be directed to the responsible service and that we resume our regular channels of communication.

Sincerely,

Jill Scott
Provost and Vice-President,
Academic Affairs

Jennifer Doyle
Vice-President,
Finance and Administration
